DETAILED ACTION

Allowable Subject Matter

1. Claims 1-55 are allowed.

The following is an examiner's statement of reasons for allowance: applicant's arguments regarding amended claims are persuasive. Applicant's invention eliminates an existing rule if a new rule encompasses the existing rule by comparing the timestamp parameter and at least one additional parameter of the new rule with the timestamp and corresponding parameter of the existing rule. This distinct feature appears in all independent claims 1, 12, 22, 34, 55.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
